Dear Senator Cardin,

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the Cable companies. The FCC and DOJ should not approve this deal, which destroys good, union jobs, and is also bad for customers.

This proposed deal ends a historic competition between Verizon and the cable companies, including Comcast. Verizon, through its subsidiary Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable, ending any incentive to invest in FiOS and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOS network.

Baltimore, the Eastern Shore and Western Maryland will all get left behind with no cable competition, costing CWA and jobs. Even regions with FiOS could be affected, since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt consumers. Thank you for your consideration.

Sincerely,

John Thomas

Dear Senator Gillibrand,

I am writing to you to ask you to take a stand against this war that corporations have been waging against workers for the last thirty plus years. Under the excuse of cutting cost corporations have decimated the American dream for workers. It seems that the workers are always the ones who bear the brunt of these cuts. It seems the CEO's of these companies make money whether their companies do or not. The focus is always on improving margins by decreasing their investments in the American middle class while still selling their products to the same people who's wages they have decimated.

The proposed deal between Verizon Wireless and the cable companies is one such example. The FCC and DOJ should not approve this deal because it will destroy good, union jobs, and lower prices for consumers. As you know under this deal Verizon has agreed to end their buildout of the FiOS product. This move will cost good paying jobs, while leaving communities like Buffalo, Syracuse, Albany and many others in Long Island without true competition that has led to lower cost for many communities across the country.

I ask you to oppose this deal which would hurt jobs and consumers. The only winners here are the people that have been winning for the last thirty plus years. The CEO's of these companies.

Sincerely,

Carlos Cardona

I AM WRITING TO URGE YOU TO FIGHT THE PROPOSED DEAL BETWEEN VERIZON'S SUBSIDIARY VERIZON WIRELESS AND THE CABLE COMPANIES. THE FCC AND DOT SHOULD NOT APPROVE THIS DEAL, WHICH DESTROYS GOOD, UNION JOBS, AND IS ALSO BAD FOR CUSTOMERS.

THE PROPOSED DEAL ENDS A HISTORIC COMPETITION BETWEEN VERIZON AND THE CABLE COMPANIES, INCLUDING COMCAST AND TIME WARNER. VERIZON, THROUGH ITS SUBSIDIARY VERIZON WIRELESS, WILL FORM A GRANT, UNREGULATED QUASI-MONOPOLY WITH THE CABLE COMPANIES.

THIS DEAL WILL BE VERY PROFITABLE FOR VERIZON WIRELESS AND CABLE, ENDING ANY INCENTIVE TO INVEST IN FIOS AND COMPETE AGAINST CABLE. THERE WILL BE FEWER JOBS BUILDING, MAINTAINING, SERVICING, AND INSTALLING THE FIOS NETWORK.

BUFFALO, SYRACUSE, ALBANY, OTHER UPSTATE CITIES AND RURAL AREAS, AS WELL AS EASTERN LONG ISLAND, WILL ALL GET LEFT BEHIND WITH NO CABLE COMPETITION, COSTING CWA AND IBEW JOBS. EVEN REGIONS WITH FIOS COULD BE AFFECTED, SINCE THERE WILL BE FAR LESS INCENTIVE TO INVEST IN THE NETWORK.

Dear Senator

Kristen Gillibrad

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies. The FCC and DOJ should not approve this

deal, which destroys good, union jobs, and is also bad for customers. This proposed deal ends a historic competition between Verizon and the cable

companies, including Comcast and Time Warner. Verizon, through its subsidiary

Verizon Wireless, will form a giant, unregulated quasi-monopoly with the cable

companies.

This deal will be very profitable for Verizon Wireless and cable, ending any

incentive to invest in FiOS and compete against cable. There will be fewer jobs

building, maintaining, servicing and installing the FiOS network.

Buffalo, Syracuse, Albany, other Upstate cities and rural areas, as well as Eastern

Long Island, will all get left behind with no cable competition, costing CWA and IBEW

jobs. Even regions with FiOS could be affected, since there will be far less incentive to

invest in the network.

I urge you to reject this proposed deal because it will destroy jobs, as well as hurt

consumers. Thank you for your consideration.

THIS PROPOSED DEAL ENDS A HISTORIC COMPETITION BETWEEN VERIZON AND THE CABLE COMPANIES, INCLUDING COMCAST AND TIME WARNER. VERIZON, THROUGH ITS SUBSIDIARY VERIZON WIRELESS, WILL FORM A GIANT, UNREGULATED QUASI-MONOPOLY WITH THE CABLE COMPANIES.

THIS DEAL WILL BE VERY PROFITABLE FOR VERIZON WIRELESS AND CABLE, ENJOINING ANY INCENTIVE TO INVEST IN FIOS AND COMPETE AGAINST CABLE. THERE WILL BE FEWER JOBS IN BUILDING, MAINTAINING, SERVING AND INSTALLING

THE FIOS NETWORK.

BUFFALO, SYRACUSE, ALBANY, OTHER UPSTATE CITIES AND RURAL AREA, AS WELL AS EASTERN LONG ISLAND, WILL ALL GET LEFT BEHIND WITH NO CABLE COMPETITION, COSTING CWA AND NABEW JOBS. EVEN REGION WITH FIOS COULD BE AFFECTED, SINCE THERE WILL BE FAT LESS INCENTIVE TO INVEST IN THE NETWORK.

Dear Senator Gillibrand:

I am writing to urge you to oppose the proposed deal between Verizon's subsidiary, Verizon Wireless, and cable companies. The FCC and DOJ should NOT be approving a deal which destroys good union jobs in New York, one which is also bad for consumers.

This proposed deal ends the historical competition between Verizon and the cable companies, especially Time Warner and Comcast, which was envisioned by Judge Green in his breakup of the Bell System. Under this deal, Verizon--through its subsidiary, Verizon Wireless--will be able to form a giant, unregulated quasi-monopoly with the cable companies.

While this deal will be very profitable for Verizon Wireless and the cable companies, it will end any incentive to invest in FIOS and competition with the cable companies. In consequence, there will be fewer jobs, plants, maintenance, service and installation of the FIOS network.

Buffalo, Syracuse, Albany, a range of upstate cities and towns, as well as eastern Long Island, will be left behind with no competition, costing the CWA and IBEW unions jobs. Even regions now with FIOS could be effected, as there will be far less incentive to invest in the network.

Again, I strongly urge you to reject this proposed deal, because it will destroy jobs, as well as hurt consumer. Thank you.

Sincerely,

David Burger

Dear Senator Gillibrand

I am writing to urge you to fight the proposed deal between Verizon's subsidiary Verizon Wireless and the cable companies. The FCC and DOJ should not approve this deal which destroys good union jobs and is also bad for customers.

This proposed deal ends historic competition between Verizon and the cable companies including Comcast and Time Warner. Verizon through its subsidiary Verizon Wireless will form a giant unregulated quasi-monopoly with the cable companies.

This deal will be very profitable for Verizon Wireless and cable ending any incentive to invest in FiOs and compete against cable. There will be fewer jobs building, maintaining, servicing and installing the FiOs network.

Buffalo, Syracuse, Albany, other Upstate cities and rural areas as well as Eastern Long Island will all get left behind with no cable competition costing CWA and IBEW jobs. Even regions with FiOs could be affected since there will be far less incentive to invest in the network.

I urge you to reject this proposed deal because it will destroy jobs as well as hurt consumers. Thank you for your consideration.
